*May, 5, 2020*

With the inevitable economic downturn and the crisis our world is facing, Wise F&I felt the need to give back in some compacity. The automotive industry, in particular, has seen unprecedented losses in sales due to the effects of COVID-19. F&I Managers across the country have been greatly impacted and are facing serious challenges with loss of income, illness and deep pay cuts. F&I Providers and Allied Industry Companies have come together to form the F&I Providers Relief Fund For F&I Managers.

The F&I Providers Relief Fund, allows F&I Managers to apply for a grant in the hopes to help relief the burdens of this difficult time. It is our goal to help those who have supported us throughout the years and our way of giving back to those in need. Wise F&I along with more than 20 other F&I providers, have united to form the F&I Providers Relief Fund. We are proud to support these professionals in their time of need, just as they have always supported our businesses.

F&I Providers Relief Fund is a joint effort from providers across the industry. We all recognize the problem and are working toward the same common goal of making a difference for F&I families. With the collaborative efforts, the fund has over \$430,000 available to approved grantees. As a founding donor of the F&I Providers Relief Fund, Wise F&I donated \$20,000 to help support F&I families during their financial hardships. Since F&I Managers are the backbone of our industry, we want to support these individuals during this crisis.

If you would like to donate or apply for a grant, please visit the [F&I Providers Relief Fund](#). As always, if you are in need of anything, please let us know. Wise F&I wants to continue our support in any way possible. We will overcome this crisis, together.
