

IMPORTANT NOTICE

WiseTVP VSC FORM ENHANCEMENT EFFECTIVE 11/01/20

October 1, 2020

We are excited to announce the implementation of an updated WiseTVP VSC form that is replacing the current form version. Our system has been configured such that, beginning November 1, 2020, all WiseTVP contracts will be written using this new form version.

The updated WiseTVP contract may now be sold on Teslas and certain other electric/hybrid vehicles that were previously ineligible. As such, the class guide has been updated to reflect these changes as applicable. Additionally, there will be minor changes to WiseTVP rates. An updated rate sheet with class guide will follow.

Coverage language on the WiseTVP contract has been modified to be inclusive of parts specific to electric/hybrid vehicles. The updated WiseTVP contract also features an improved Emergency Roadside Assistance Benefit which is available 24 hours a day, 365 days a year. Vehicles used for Rideshare purposes (Uber, Lyft, etc.) are also now covered.

As described above, all of these enhancements and changes are minor. We do not expect any disruption to your current WiseTVP sales process.

We know that you may have questions or concerns; so, please feel free to contact your Account Executive or Wise F&I Client Services (at 800-849-9559 or clientservices@wisefandi.com) for additional information.
